

ipc::SocketEndPoint
::acceptRequest

```
graph RL; TEST[TEST] --> ipc[ipc::SocketEndPoint::acceptRequest];
```

The diagram illustrates a function call. On the right, a white rectangular box with a black border is labeled "TEST". A dark blue arrow points from this box to the right side of a larger, light gray rectangular box with a black border on the left. This gray box contains the text "ipc::SocketEndPoint" on the top line and "::acceptRequest" on the bottom line, representing a function or method call.
